What is a "Bajan Cutter"?

It is a sort of sandwich, but much better! It all starts with what is known as Bajan Salt Bread - even though it is not salty. Salt bread is a fresh baked roll with a soft, fluffy interior and a slightly more crusty exterior.

A Bajan Cutter can be eaten at any time (breakfast, lunch, dinner, or as a snack) and anywhere!

Our cutters are served with lettuce, tomato, and cucumber. We highly recommend topping it up with some good Bajan hot pepper sauce

Prices are quoted in barbados dollars. Inclusive of 10% VAT and subject to 2.5% gov. Levy and 10% service charge

Speaking Bajan Dialect

Bajan | Bajan Dialect, is an English-based creole language with African and British influences spoken on the Caribbean Island of Barbados. Check Out barbadospocketguide.com
